

Sales Pitch in the Recruitment Meeting

THE TRUTH:

This is not a "hardworking" job.

You will not be reporting for work.

You will not be doing paperwork.

No educational background needed.

No work experience needed.

**You are simply turning your
CONTACTS into MONEY.**

This is your ticket to Passive Income !

HOW?

Once the account is opened, you will continue to receive a monthly 4% commission as long as the client is live and paying even when you are not doing anything anymore. This is because **your commission is co-terminus with the contract**. As long as the contract is live, you get “free” money while sleeping. Because, you don’t have to do anything anymore after the account is opened even though you are receiving monthly commission income.

- You can earn as much as **Php15,000 pesos a month free money for a year*** without doing anything if you open 5 accounts with a 100k package.
- Now, if you were able to open 10 accounts, **that's a monthly passive income of Php 30,000 free money for a year*** without doing anything.

* Since your monthly passive income is co-terminus with the client's contract, this is the amount if the contract is for one year. But if it's for two years, then you earn that passive income for two years! **Two years of freedom --- receiving money every month without doing anything.**

How is this possible?

Let me explain through an example.

How is this possible?

- A sales agent is hired on freelance basis. There is no fixed salary.
- However, once a sales agent acquires an account for social media management or customer service, he will be receiving a pre-determined share of the income **every month as long as the contract she acquired is in effect** even after the account has been turned over to the Consultant for servicing. **This is passive, monthly recurring income even after the sales agent is no longer working on the account. It is co-terminus with the contract.**
- The sales agent's monthly share income is termed as Sales Admin Fee and the amount is dependent on the package the client availed of ---- in the case of Social Media Management, it can be Social Media Management Package, Digital Marketing Professional or Total Marketing Communications Package.

Example of the Fee Structure

Digital Marketing Packages

Management Fees

Premium

Php 100,000 NET / month
if complete package.

Php 70,500 NET / month
if Corporate e-Mail Services is
removed and no FB responses.

Professional

Php 60,000 NET / month

Basic

Php 40,000 NET / month

- Your income is **15% of the monthly fee in the first month and 3% in the succeeding months** from the second month until the end of the contract.
- Let's take for example the 100k package, that means the salesman will receive Php15,000 commission for the first month and Php 3,000 every month thereafter starting on the second month until the contract is finished. **THIS IS ONLY FOR ONE ACCOUNT.**
- Remember that **THIS IS PASSIVE, MONTHLY RECURRING INCOME** wherein even after you have closed the sale, you will still enjoy receiving passive income every month even though you are no longer exerting any effort and could just be sleeping at home.

Example of the Fee Structure Social Media Management Packages

- Now, still using the same example of a Php100k package, since you will be opening more than one account, ofcourse, let's say, you were able to open 5 accounts, that's **Php 75,000 commission for the first month and Php15,000 pesos a month free money for a year*** without doing anything.
- Now, if you were able to open 10 accounts, **that's Php 150,000 commission for the first month and a monthly passive income of Php 30,000 free money for a year*** without doing anything.

* This is if the contract is for one year. But if it's for two years, then you earn that passive income for two years! **Two years of freedom --- receiving money every month without doing anything.**

Here's a Tip:

Even if you are not rich, [you are SURE to know someone.](#)

Maybe you have a rich relative, or a friend who has achieved success in a company.

You are bound to find a potential client who can grant you a meeting.

[You just have to review all the people you know or is related to.](#)

OR, it does not have to be someone you know directly but a [referral from someone you know.](#)

Your father's college roommate. Your sister's boss. Your brother's batchmate.

Your neighbor's uncle. Your bestfriend's boyfriend. Your mother's bestfriend.

Come to think of it...

This income source requires very little from you, but can potentially give you so much.

Your investment is just your “talkies”, *“laway lang investment”*.

And yet, if you are successful, you will get passive monthly income for a year or more even while you sleep.

Thank you!

Happy Selling !
